cast specimens

Art-No.	Name	Description
C001	Brain arteries	Whole arteries of brain.
C002	Arteries of head	Arterial branches in head, without skull
C003	Veins of head	Venous tributaries in head, without skull
C004	Head artery and skull	Showing the branches of arteries, with the skull reserved.
C005	Head veins and skull	Showing the tributaries of veins in head, with the skull reserved.
C006	Head arteries and veins with skull	A. and v. branches in head, with skull
C007	Cerebral ventricle	Showing the cerebral ventricle system
C008	Arteries of one upper limb	Showing the arterial branches of unilateral upper limb.
C009	Blood vessels of one upper limb	Showing the branches of arteries and veins of unilateral upper limb.
C010	Arteries and bones of upper limb	With skeleton.
C011	Veins of upper limb	Showing the tributaries of deep and superficial veins of unilateral upper limb.
C012	Arteries of the hand	Showing the superficial and deep palmar arch and their branches.
C013	Arteries of one lower limb	Showing the arterial branches of unilateral lower limb.
C014	Arteries and bones of lower limb	With skeleton.
C015	Arteries of bilateral lower limbs	Showing the branches of arteries of bilateral lower limbs.
C016	Blood vessels of one lower limb	Showing the branches of arteries and veins of unilateral lower limb.
C017	Veins of lower limb	Showing the tributaries of deep and superficial veins of unilateral lower limb.
C018	Arteries of pelvis	
C019	Arteries and veins of pelvis	
C020	Arteries of foot	Artery branches of dorsal pedal a. and plantar arch
C021	Artery of heart	Large branches of aorta and coronary artery, in red color
C022	Coronary artery	Two coronary a. were shown in two colors
C023	Blood vessels of heart	Both a. and v. system of one heart
C024	Veins of heart	Showing the cardiac veins, in blue color.
C025	Casting specimen of heart and lungs	
C026	The bronchi	bronchi and branches of two lungs
C027	Pulmonary artery	Showing the pulmonary artery and bronchial tree simultaneously.
C028	Pulmonary veins	Showing the pulmonary veins and bronchial tree simultaneously.

	Dulmonoury outoury1	Charries the endergram artery enderge
C029	Pulmonary artery and	Showing the pulmonary artery, pulmonary veins
	veins	and bronchial tree simultaneously.
C030	Casting specimen of	Showing the hepatic artery, hepatic veins and
	liver	hepatic duct system, simultaneously.
C031	Hepatic portal vein	
	system	
C032	Casting specimen of	Arteries of kidney and renal pelvis
	kidney	
C033	Casting specimen of	Showing the renal artery, vein and pelvis.
	kidney	
C034	Casting specimen of	Showing the bilateral arteries and pelvis of kidneys
	kidney	showing the bilateral afteries and pervis of kidneys
C035	Casting specimen of	Showing the ureter and renal pelvis
	kidney	
C036	Splenic artery	Showing the artery of spleen
C037	Pancreatic duct and	Showing the branch of pancreatic duct and splenic
	splenic artery	artery
C038	Casting specimen of	Showing the branches of left and right gastric
	stomach	artery.
C039	Blood vessels of small	Showing the arterial arch of intestinal canal.
	intestinal	
C040	Arteries of ileocecum	Arteries of ileocecal area, especially appendix
C041	Arteries and veins of	Arteries and veins of ileocecal area, especially
	ileocecum	appendix
C042	Blood vessels of	Showing the arteries and veins of placenta
	placenta	simultaneously.
C043	Arteries of placenta	Showing the arterial system of placenta.
C044	Veins of placenta	Showing the venous system of placenta.
C045	Casting specimen of	Showing the parotid duct system.
C045	parotid	
C046	•	Showing the branches of left and right internal
	Arteries of thoracic wall	thoracic artery.
C047	Adult arterial system of	•
	whole body	Branches of artery in a whole adult body

Art - No : C001 Ventricles of the brain

Art - No : C004 Blood vessels of head and neck - With bones

Art - No : C009 Arteries of upper limb Without bones

Art - No : C008 Blood vessels of upper limb Without bones

Art - No : C013 Blood vessels of lower limb Without bones

Art - No : C010 Arteries of upper limb With bones

Art - No : C014 Arteries of lower limb - With bones

Art - No : C022 Coronary artery - Two coronary a. were shown in two colors Lungs

Art - No : C025 Lungs and heart

Art - No : C028 Pulmonary veins Showing the pulmonary veins and bronchial tree simultaneously

Art - No : C030 Casting specimen of liver Showing the hepatic artery, hepatic veins and hepatic duct system

Art - No : C031 Hepatic portal vein system

Art - No : C033 Kidney showing the renal artery, vein and pelvis

Art - No : C036 Splenic artery

Art - No : C037 Pancreatic duct and splenic artery

Art - No : C038 Stomach showing the branches of left and right gastric artery

Art - No : C039 Blood vessels of small intestinal

Art - No : C040 Arteries of ileocecum

Art - No : C042 Blood vessels of placenta

Art - No : C045 The parotid duct system

Art - No : C046 Thoracic wall showing the branches of left and right internal thoracic artery

Art - No : C047 Adult arterial system of whole body
